Jaycee Dribble and Shoot Contest

Four local boys traveled to Franklin, Virginia, Saturday, March 15, to the State Jaycee Dribble and Shoot Basketball Contest.

Bobby Wingfield, son of Mr. and Mrs. Richard L. Wingfield, represented the Appomattox chapter in the 10 year old and under group. Mark Kelso, son of Mr. and Mrs. Harrison Kelso, competed in the 11 and 12 year old group. Larry Kelso, son of Mr. and Mrs. William Kelso, competed in the 13-14 group. Tommy Bryant, son of Mr. and Mrs. Lloyd M. Bryant, competed in the 15-16 group.

The boys, all winners in the Appomattox competition, could not place against the boys from 57 other Jaycee chapters around the state. The scores were close, but the Fredricksburg chapter came away with three of the four first place trophies, and with the team championship. The first place winner in each age group received a new basketball in addition to the trophy. Second and third place trophies were also awarded.

A young lady represented one of the chapters in the 13-14 group. She competed on an equal basis with the boys in the three contests, speed shooting, speed dribble, and free throws.

The contest is held each year, and all four boys are looking forward to another chance next year to win here and at the state level.

Notice To The Public

NOTICE is hereby given to the public that the State Corporation Commission is investigating a proposal to increase the local coin rate for paystation telephone service and a proposal to establish a schedule of charges for calls to Directory Assistance Service. The proposals are to increase the local coin rate for paystations from 10¢ to 20¢ and to charge 20¢ for calls to Directory Assistance Service in excess of three calls a month, except for calls from coin telephones, hospitals, hotels, motels, and from handicapped customers who are unable to use a telephone company directory. The proposed charges were first filed by The Chesapeake and Potomac Telephone Co. of Virginia, however, because of the interest in the proposals indicated by other telephone companies, and because of the statewide nature of these proposals, the Commission has expanded its investigation of such proposed charges to include all telephone companies operating in the State.

A public hearing on the proposed rate changes has been scheduled for 10:00 a.m., April 10, 1975, in the Commission's Courtroom, Blanton Building, Richmond, Virginia. Each telephone company has been directed to file with the Commission's Division of Public Utilities, on or before April 1, 1975, a written statement regarding the proposed rate changes including information regarding, among other things, the need for such changes, the cost of making the changes, and the additional annual revenue from such changes. The Division of Public Utilities will summarize and tabulate the information received from the company's report at the time of hearing on April 10, 1975. The Commission will determine, after review of the Company's reports, what further investigation, if any, is needed, and schedule any additional procedural and hearing dates that may be required.

Any person who expects to submit evidence, cross examine witnesses, and participate in the hearing as a protestant as prov
